

# IRRIGATION SOCIETY LANDSCAPE

Tribute to Thomas F. Glick

## CALL FOR PAPERS

### CONFERENCE

The conference will be held in the **Universitat Politècnica de València** (Spain) in September 25-27, 2014. The focus will be placed on traditional irrigation. Past, present and future of historical irrigation systems will be analysed through different perspectives.

The Conference pays homage to Thomas F. Glick, whose research has been an essential contribution to the study of traditional irrigation systems and has encouraged water heritage acknowledgement and protection.

### ISSUES

Traditional irrigation technologies   Irrigation institutions   Collective action   Cultural landscapes  
Historical agronomy   Common pool resources   Environmental functions   Landscape protection  
Water culture   Water rights   Water-poverty nexus   Periurban farming   Future challenges

### REGISTRATION

Early registration: Regular 125€, Students 75 € (Before 31<sup>st</sup> January 2014).

Late registration: Regular 150€, Students 100 € (After 31<sup>st</sup> January 2014).
